<input type="checkbox"/> Select Product for Testing at Random	

[For Plastic Pipe products please complete this Matrix](#)

Sample Selection (The sample(s) that are to be sent to the laboratory shall be shipped out within 48 hours of the collection date)

File No.	No. of Sample(s)	Backup Sample(s)	Model No.	Standard	Section(s) of Standard	Mfg Date	Testing Location
----------	------------------	------------------	-----------	----------	------------------------	----------	------------------

For file # 6905, listed products are Lead Free Plumbing Products.
Model EBF 650 and MIX-60-A were under production or in stock during this inspection.

Note 1: Found the valve body and shaft's supplier of model MIX-60-A is HAIYAN instead of Dahata which is recorded in PMI and test report, listee shall contact IAPMO R&T asap and apply to modify relative documents for this.

Mfr's QA system was established and thoroughly implemented.

Work instructions to each process and testing were formulated and followed.

Reviewed quality certificates provided by raw material/component supplier, tour-check form and FQC records to model EBF 650, made sure the production process were under controlled.

Calibration reports to measure tools and equipments used for testing were available and valid.

No customer complaint since last audit.

Listee shall take actions to correct above note 1 within 30 days.

Signature of the Plant Contact below indicates acknowledgement that a) he/she witnessed the presence of the IAPMO R & T inspector whose signature appears below at this plant/warehouse location on the day indicated, b) he/she acknowledges receipt of a completed copy of this form, c) he/she will see to it that a complete copy of this form is delivered to the responsible person in charge at this location.
